

We Are

TCPS_{nv}

Top Class Products and Services

Your specialist in lab equipment, custom made solutions and service.

Lab equipment

TCPS, Top Class Products & Services, is a **certified refrigeration company**

located near Leuven and was founded in the early '90s.

We sell various brands of laboratory equipment monitoring the environment of a product (temperature, CO2, oxygen, sterility, humidity,...). Through a conversation, our representatives will question your needs, in order **to find the best match with you**. Personal contact is still our top priority.

Custom made solutions

Our project managers help you to find the **ideal solution for your idea** and/or application..

A small adjustment to a device can **improve** the working conditions of your colleagues or **the results** of your product. They also think along with you about new devices, with exactly the dimensions or functions you are looking for. From a custom-made climate chamber for a pharmaceutical customer to a toilet for the medical nuclear service in hospitals, **no project is too big for us**.

Service

We have our **own after-sales service**, where our technicians are responsible for, among other things, all **deliveries, installations, start-ups, maintenances, repairs, IQ/OQ/PQ**.

We are available **24/7** by phone in case of emergency and also offer **rental equipment** if you are looking for a temporary solution.

Working at TCPS, where Passion and Teamwork Comes Together!

At TCPS, a leading wholesaler of laboratory equipment, we believe that success starts with a strong and enthusiastic team. Since our founding in 1992, **we have been known for our expertise, customer focus, and personal service. But behind that success are our employees – and we are proud of that!**

Why work at TCPS?

Passion for laboratory technology: Whether you're experienced or just starting out, here you'll have the opportunity to grow in an innovative and ever-evolving sector.

- **A fun and close-knit team:** At TCPS, you're not just working with colleagues but with a group of driven people who support each other. We value a positive atmosphere, help one another, and celebrate our successes together.
- **Opportunities for growth:** We invest in our employees through training and guidance, allowing you to continuously develop your skills.
- **Flexibility and involvement:** You're not just a number here. Direct communication, short lines, and personal engagement ensure that your ideas are heard and valued.
- **Work hard, play hard:** While we take our work seriously, we also believe in having fun. From team activities and informal lunches to fun get-togethers, there's always something happening.
